

SAMAN KC

SOFTWARE DEVELOPER

0434 666 244 | saman.kc1641@gmail.com | samankc.com | linkedin.com/in/saman-kc | Dee Why, Sydney NSW

PROFILE

Software developer with a Master of Information Technology and hands-on experience building and shipping cross-platform mobile and web applications. Background spans Flutter, Java, and React across development, teaching, and mentoring roles, with published apps on Google Play and pub.dev. Works across the full build cycle, from requirements through deployment and release.

TECHNICAL SKILLS

Languages & Frameworks: Flutter/Dart, Java, React, Python, REST APIs

Databases & Tools: MySQL, Firebase, Git/GitHub

Practices: Agile collaboration, code review, cross-platform (Android/iOS) development

Languages: English (professional), Nepali (native), Hindi (conversational)

EXPERIENCE

SOFTWARE DEVELOPMENT EXPERIENCE

Java Lecturer (Part-time) | Itahari Namuna College, Nepal

Aug 2022 – Jan 2024

- Delivered Java programming instruction to 30+ students per cohort, covering core language fundamentals, OOP principles, and hands-on coding practice.
- Designed coding assessments and evaluated student projects, reinforcing programming best practices and debugging skills.
- Resolved software, configuration, and environment issues during live lab sessions, keeping hands-on coding exercises running smoothly.

Flutter Developer and Intern Supervisor | Thulo Technology, Nepal

Jan 2023 – Apr 2023

- Designed and developed cross-platform mobile applications using Flutter and Dart, including an HTML editor app that let learners write and preview code directly on-device.
- Diagnosed and fixed build, performance, and cross-platform compatibility issues across Android and iOS.
- Supervised and mentored a team of interns on development practices, structuring workloads and running feedback sessions that sharpened output quality.

Software Engineer | Innovate Tech

Jan 2022 – Apr 2022

- Built front-end state management with Redux for a production React application, replacing scattered component state with a single predictable data flow.
- Reviewed peer code and flagged issues before merge, helping the team hold a consistent quality bar inside a fast-moving Agile sprint cycle.

Flutter Developer (Internship) | Featherwebs Pvt. Ltd., Nepal

Jul 2020 – Dec 2020

- Owned the Books Reader app from requirements through deployment, delivering a complete cross-platform build as a solo intern contributor.
- Tested device compatibility across multiple hardware configurations and resolved environment-specific bugs before release.

ADDITIONAL EXPERIENCE

Cafe Attendant (Part-time) | RSL Lifecare Narrabeen

Jan 2025 – Current

- Deliver front-of-house customer service in a fast-paced hospitality environment alongside development work.

Enrollment Officer / Reception (Contract) | King's Own Institute

Jun 2026 – Jul 2026

- Handled front-desk reception and enrollment administration during a fixed-term contract.

PROJECTS & PUBLISHED WORK

kinkhel.com (Web): fully functional e-commerce site with product listings, user management, and transactional features, managed end-to-end.

samd.edu.np (Web): responsive institutional school website covering content management and navigation.

Medical Pasal (*Flutter, Laravel*): cross-platform medical e-commerce app (final year project) with Flutter frontend and Laravel REST API backend.

Kabyu Books (*Flutter, Firebase*): book browsing and reading app with real-time sync and user authentication.

QR Code Generator (*Flutter*): published on Google Play Store; managed the full submission and release process independently.

lorem_ipsum_generator (*Flutter/Dart, pub.dev*): published package under the verified samankc.com.np publisher account.

HTML Editor (*Flutter*): mobile app for writing and previewing HTML code, designed for beginner web developers.

EDUCATION

Master of Information Technology (MIT) <i>King's Own Institute, Sydney, Australia</i>	2024 – 2026
Bachelor of Science in Computing (Hons) <i>Itahari International College, Nepal</i>	2018 – 2021

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- CompTIA A+ (In Progress, 2026)
- Learning Google Flutter for Mobile Developers, LinkedIn Learning
- Flutter: Building an App with State, LinkedIn Learning
- Flutter Training, 6-Month Program
- Premiere Pro CC 2019 Essential Training, LinkedIn Learning
